Charges  
Reasonable

## Mines and Mining.

The miners prospectors and all persons inter-  
ested. The OLD ABE EAGLE extends a cordial  
invitation to all to call and examine the mining  
journals which we receive and file. The list com-  
prises the best in the United States and are  
placed at your disposal free. Parties coming in  
from the various camps can also secure some of  
the daily and weekly papers to take out and be-  
cause their spare moments. PUBLISHERS.

**WHITE OAKS-CREED.**  
Mining booms and undue excitement  
on such subjects become a detriment to  
any district when carried to such ex-  
tremes as that going on at present in the  
Creede camp. In the rush, dealings be-  
come gambling operations and excited  
men risk every dollar on prospects which  
may not prove to be paying leads and  
the result is the financial ruin of every  
such investor. Now listen, you folk  
who have been wondering "why White  
Oaks and Lincoln county, if it is such a  
wonderful mineral district, does not  
create a rush to its gold fields," and mark  
every word for future reference if you  
choose.

First; every man interested in this  
district has been quietly suppressing  
every tendency to excitement, meanwhile  
being engaged in securing good claims  
as far as possible.

Second; operators of paying mines are  
quietly taking out their ore and pocket-  
ing a surplus satisfactory to them with-  
out disturbing any ore except that  
necessary to be removed for develop-  
ment, thus leaving immense quantities  
in sight standing for future extraction.  
And still they go down, down on the  
veins with their riches growing wider  
and higher and their bank accounts  
larger and still they hardly mention it  
and don't spend a cent to announce it to  
the world, although some of them are  
building up the town.

Third; White Oaks is seventy miles  
from any railroad, and to parties viewing  
the outlook from that distance and hav-  
ing heard that the trip was by stage, it  
is nothing remarkable that this district  
has not been visited by mining men of  
capital.

Fourth; no one here has capital to do  
more than assessment work to hold their  
claims, except those who are spending  
now.

Fifth; the crooners and back-cappers  
have not all been local parties, but some  
have been representatives of corporations  
or officials of same who were interested  
in keeping these facts from the public  
for their own benefit.

Lastly; in the meantime, many resi-  
dents, the majority of whom are holding  
more valuable property than the greater  
portion of all of the Creede property,  
are hoping for the day when the railroad  
shall make it easy for the general public  
and the experienced mining men to drop  
in and see White Oaks resources.

When that day comes, and it is not far  
off now, then you will see greater excite-  
ment in the mining world than has been  
created by any new camp for more than  
one decade. The writer has been among  
mining men in other mineral districts  
and knows that the general opinion ob-  
tains that, with one or two notable ex-  
ceptions at White Oaks, this district  
is all low grade ore that will not pay to  
work unless there was a railroad through  
the district. This is a great mistake.

The ore of this whole county of Lin-  
coln will average better than any district  
of equal area in Colorado when deep  
mining is practiced and it will not re-  
quire as deep work to reach pay ore as it  
often does in other mineral districts.

The EAGLE has not yet dared to state  
one-half of the favorable truths about  
this district. Many of the most reliable  
men that can be found in any country  
who are interested here have said: "Do  
not publish these facts of how much  
mineral and coal and iron and marble  
there are here or you will give us a black  
eye. People will not believe you. They  
will think it is a newspaper story—a  
boom article. They will say the editor  
of the EAGLE doesn't know what he is  
talking about or else is falsifying—de-  
ceiving the public."

It will not keep much longer and the  
writer of the EAGLE mining articles, hav-

ing had several years practical mining  
experience, does know what he is talking  
about, and we simply say now, that Lin-  
coln county, which includes White Oaks  
mining district, the Gallinas mountains,  
the Jicarillas, Capitan, the Salado coal  
fields, Nogal, the White mountains, in-  
cluding Bonito, Parsons City and Three  
Rivers, will be the greatest mineral re-  
gion and the most prosperous agricul-  
tural, coal, lumber and general self-sup-  
porting district of New Mexico and the  
carbonate mines of Colorado will be ex-  
ceeded at less depth and in greater quan-  
tity, from the Lincoln-Lucky on the  
north to the Bennett-Stephenson on the  
south with their equals all through the  
belt between.

Statistics will come later on, probably  
in special edition.

**COAL.**  
The coal from the Salado fields is so  
good, and that of White Oaks so excel-  
lent, that considerable discussion is  
going on as to the respective merits of  
each. An analysis has been made of  
White Oaks coal, and as soon as the  
EAGLE receives the assay on the Salado  
product both will be published. In the  
meantime parties who wish to see the  
Salado coal can do so by calling at the  
EAGLE office.

**HELP YOURSELVES.**  
Statistics that are accurate concerning  
the output or amount of work done on  
any and all mines and prospects in the  
White Oaks, Jicarilla, Nogal, Bonito,  
Parsons City, Gallinas and all other  
mineral districts in Lincoln county, also  
coal fields, are urgently solicited by the  
EAGLE. The EAGLE has been "going it  
alone" in its preparation of articles on  
this subject, but the field is so broad and  
the matter of such vital importance to  
this locality, in getting the public to  
know how great a mineral field we have,  
so that capital will come, that the people  
should aid in this matter at once.

Now don't endorse this idea and then  
go and sit down and do nothing, waiting  
for somebody else. Every one knows  
something and if you will send it in, it  
will aid in the good work, and as soon as  
data can be arranged it will not only be  
published by the EAGLE, but will receive  
notice, as many other articles have, in  
many papers abroad. Articles will also  
be prepared and sent to leading  
dailies and mining journals. The EAGLE  
is under obligations to Prof. Dye, of the  
Ledy Godiva, E. W. Parker, of the  
South Homestead, the Old Abe Co. and  
a few others who have furnished  
data, but will appreciate further obli-  
gations of the same kind. The report of  
the output of the Wells-Parker and  
Cochran coal mines have done more to  
convince the public that coal is here in  
sufficient quantity, than any other state-  
ment yet made, as shown by the editor-  
ials and extracts published by EAGLE ex-  
changes, both in and out of the Terri-  
tory. Bring or send in your items to the  
EAGLE office.

Ross & Rabble have a tract of valuable  
coal land for sale. A mine is open on the  
property and several thousand dollars  
have been expended on it. This is the  
nearest coal mine to White Oaks and can  
be made to pay at any time. Address  
Ross & Rabble for description and price.

FOR SALE—Interest in lode claim—  
gold prospect in the Jicarilla district.  
Purchase money will be applied to fur-  
ther development of lead. Inquire of  
Ross & Rabble, this office.

**RAILROAD RUMBLINGS.**  
News from Denver today. Enthusi-  
astic meeting of Chamber of Commerce  
held to consider Denver-El Paso railway.  
This road to be first enterprise put  
forward by Denver. Jefferson Reynolds,  
Pres. First Nat'l Bank, Las Vegas, pres-  
ent. Particulars next issue.

Jefferson Reynolds has arrived home  
from Boston. Mr. Reynolds visited  
Chicago, New York and other leading  
cities and as one of our ablest financiers  
of the West with his interest in the suc-  
cess of the Denver-El Paso short line,  
the EAGLE expects to hear some good  
news for the road soon.

Wind mills, pumps and towers put up  
complete and guaranteed.

## FT. STANTON STATISTICS.

County Clerk George Sena visited the  
Post on Friday, accompanied by Asst.  
County Treasurer Manuel Sianeros.

The Chief Quartermaster Department,  
of Arizona has advertised for proposals  
for moving remains of dead soldiers from  
the abandoned posts in Arizona and New  
Mexico. The proposals will be opened  
at Los Angeles on the 19 inst.

George L. Ulrich, one of White Oaks  
representative citizens, paid a flying visit  
to the Fort last week.

Jesse Rogers, of Parsons, has been  
awarded the potato contract for the cur-  
rent month. Quantity, 8,000 pounds;  
price, \$1.22½ per hundred pounds, deliv-  
ered.

S. R. Corbet has gone to Lincoln for a  
few days.

S. T. Gray, of the Salado coal district,  
was in the Post Saturday and is enthus-  
iastic over the coal prospects in his sec-  
tion. Salado will be a big town in the  
near future and Sebe has his eyes on the  
corner lots "and don't you forget it."

The Cheyenne (Wyo.) Leader says Mrs.  
Oiley, widow of the late Col. R. H. Oiley  
10th Infantry, stopped in the city for a  
few hours yesterday enroute to Fort  
Niagara, N.Y., on a visit to her daughter,  
Mrs. Capt. R. L. Robertson.

Lieut. A. W. Brewster, 224 Infantry,  
will remain on duty with 10th Infantry  
at Santa Fe to which regiment he has  
been attached.

Mrs. Brainard, wife of Lieut. D. L.  
Brainard, 2nd Cavalry, has been seri-  
ously ill the past week. We are glad to  
report a marked improvement in the  
lady's condition the past few days.

The Commissary General of Subsis-  
tance has instructed the Chief Com-  
missary of this department, that as far as  
practicable it is the desire of the Depart-  
ment to purchase fresh vegetables from  
people in the vicinity of the Post where  
they can be secured. Under these regu-  
lations the farmers on Bonito and Eagle  
creek have sold to this Post since July  
last, about 100,000 pounds of potatoes.  
Precious to this all the potatoes used at  
this Post were shipped from California  
and Colorado. Nothing like encourag-  
ing home productions.

MARRIED—At the residence of the  
bride's parents, on Monday evening, Feb.  
15, by Hon. M. Cronin, probate judge,  
James A. Murray, Post Wheelwright, to  
Miss Annie Miller of Fort Stanton.

Joshua Hale, of Rudoso, is spending  
a few days at the Post, the guest of J. C.  
De Lany.

S. R. Corbet went out to the Cienega  
del Macho on business Monday.  
U. S. A.

## OFFICIAL CALL.

HEADQUARTERS DEMOCRATIC TERRI-  
TORIAL CENTRAL COMMITTEE.  
Albuquerque, N. M., Feb. 12, 1892.

A meeting of the Democratic Terri-  
torial Committee of the Territory of  
New Mexico, is hereby called to be held  
in the city of Las Vegas, N. M., on the  
10th day of March, A. D. 1892, at the  
office of A. A. Jones, attorney at law.

The object of said meeting is to call a  
convention of the Democrats of the Ter-  
ritory of New Mexico, to elect two dele-  
gates and two alternates, to attend the  
National Democratic Convention, to be  
held in the city of Chicago, June 21st,  
1892, for the purpose of selecting candi-  
dates for President and Vice-President  
of the United States, and for the purpose  
of transacting any other business that  
may come before the Committee.

A full attendance of the members of  
the Committee is desired on that occa-  
sion.  
W. B. CHILDS,  
Chairman Dem. Ter. Cent'l Com.

The "Queen of the Meadows" is get-  
ting there gracefully and even the Re-  
publican papers of Las Vegas should  
graciously acknowledge the compliment  
paid them, as well as the good judgment  
exercised by Chairman Childers, in add-  
ing to the notable events of interest to  
the future of this Territory, which are to  
transpire on or about March 16th, at  
Las Vegas. Judge Hewitt is the Lin-  
coln county delegate, but the District  
Court session begins in this county on  
the 14th proximo and will prevent him  
and several others previously selected as  
irrigation delegates, from attending.  
This is unfortunate for Lincoln county.

D. P. Carr, in the Deming Headlight,  
treats the subject of the alien land act  
all right. It is settlers that are needed  
on the agricultural lands. Capital in  
the mines.

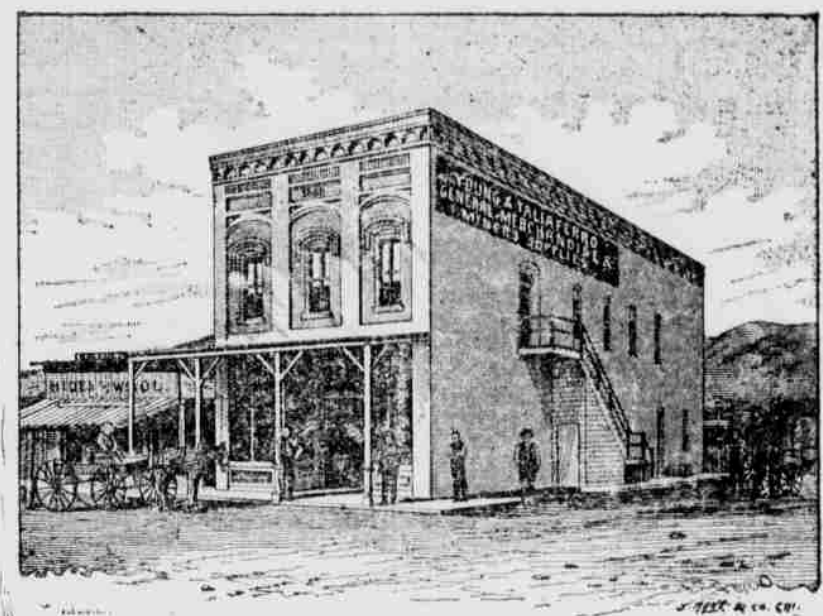

## YOUNG & TALIAFERRO,

Dry Goods,  
Groceries  
AND  
GENERAL MERCHANDISE.

Highest cash price paid for  
county produce.

## WOOL, HIDES and Pelts.
